

Bradshaw, Penelope ORCID: <https://orcid.org/0000-0002-7240-9206> (2022)
Geology and identity in Cumbrian literature. In: GeoWeek2022, 9 May 2022,
Brantwood, Home of John Ruskin, Coniston, UK. (Unpublished)

Downloaded from: <http://insight.cumbria.ac.uk/id/eprint/7014/>

Usage of any items from the University of Cumbria's institutional repository 'Insight' must conform to the following fair usage guidelines.

Any item and its associated metadata held in the University of Cumbria's institutional repository Insight (unless stated otherwise on the metadata record) may be copied, displayed or performed, and stored in line with the JISC fair dealing guidelines (available [here](#)) for educational and not-for-profit activities

provided that

- the authors, title and full bibliographic details of the item are cited clearly when any part of the work is referred to verbally or in the written form
- a hyperlink/URL to the original Insight record of that item is included in any citations of the work
- the content is not changed in any way
- all files required for usage of the item are kept together with the main item file.

You may not

- sell any part of an item
- refer to any part of an item without citation
- amend any item or contextualise it in a way that will impugn the creator's reputation
- remove or alter the copyright statement on an item.

The full policy can be found [here](#).

GeoWeek 2022 Exhibitions

Active Geoscience 7-15 May

TULLIE HOUSE

MUSEUM AND ART GALLERY
CARLISLE

In Carlisle, **Tullie House Museum & Art Gallery** will be exhibiting rare minerals from lesser-known mines in Cumbria. With photographs through time of the mines from **Cumbria Amenity Trust and Mining History Society's Archives**.

wordsworth

GRASMERE

Wordsworth Grasmere have daily gallery tours and activities on Wordsworth and geology. At the Jerwood Centre, you will be able to see a special exhibit: **'Wordsworth, Jonathan Otley and the environment'**.

In Whitehaven, use **the Beacon Museum's** digital geology touch screen interactive and powerful telescopes, to find out about the history and development of the town and harbour of Whitehaven.

Visit 19th century mine, **Killhope mining Museum**, near Alston. This multi-award winning museum is giving site tours and made a **'Prospectors Pavilion'** for you to see on your visit.

National Trust

In Cockermouth, **Wordsworth House and Garden** have an exhibit which challenges us to rethink the basis of our relationship with the fells. **'Scree'** is on until 6th Nov 22.

University of CUMBRIA

At the Vallum Gallery in Carlisle. The **University of Cumbria** are hosting the **'Geoweeek Symposium: Communication Measures to Bridge 4.543 Billion Years'** Exhibit. Monday 9th - Friday 13th May,

THE DOCK MUSEUM
BARROW-IN-FURNESS

In Barrow, **the Dock Museum** has permanent exhibits based on the iron ore mines and how Barrow in Furness was built on this geological discovery.

In Coniston, **The Ruskin Museum** have an exhibit on the industrial remains of the Coppermines Valley and Tilberthwaite by redisplaying **'The Copper Collection'**, with a new case, interpretation, and Audio-Visual show.

Where History and Nature Meet

Kendal Museum has a permanent geology exhibit, with rooms of rocks and minerals flowing between the Natural History galleries. Their online resources allow you to view photographs of local rocks and minerals.

Barrow-in-furness

Walks Led by:

Cumbria GeoConservation

National Trust

CUMBRIA AMENITY TRUST
MINING HISTORY SOCIETY
Honorary President: Lord Egremont

John Ruskin's home 1872-1900

Brantwood, Coniston, will release daily video shorts exploring their relationship to Ruskin and Geology. Including highlights from the **'Treasury'** gallery, which has specimens from John Ruskin's personal collection.

Penrith and Eden Museum, have permanent geology exhibit: **'Ages of Eden'**, which you on a journey through the geology of Eden. Explore their virtual tour through **the Penrith Museum Blog**.
